Accessibility for Ontarians with Disabilities Act (AODA)

Accessibility

Alumicor is committed to creating an accessible organization by removing barriers for people with disabilities. This includes people who work for Alumicor as well as those who do business with Alumicor, including our customers and suppliers.

Plans and Policies

Ontario has laws that set standards for accessibility, under the Accessibility for Ontarians with Disabilities Act (AODA) 2005. These include the Accessibility Standards for Customer Service and you can view these documents as follows:
