For Immediate Release: April 30, 2018

### **Alumicor is pleased to announce their newest facility in Langley, British Columbia!**

**TORONTO, Ontario: April 30, 2018**

To our valued clients... in response to increased market demands in the province of British Columbia, Alumicor has established a new facility in Langley to better serve you!

Located at 5536 275th Street, Langley, BC V4W 3X7, there is over 20,000 sq. ft. staffed and ready to estimate projects, fabricate any door and framing that you require as well as fulfill stocklength orders. We've built a great team and we invite you to drop by the new facility to meet them. We are also geared up to offer guaranteed fast service, thanks to our highly successful Rapid Response program!

And YOU'RE INVITED! Join us at our Open House on **May 15th**, from **9 am to 4 pm**, to welcome you to our new facility, meet our new operations and sales team, as well as the Alumicor head office team, proudly give you a tour, show off some of our great new products such as the [ThermaWall XTRM2600](#) unitized curtain wall system and the [Integra 6000™](#) integral window system...and of course, feed you! You won't want to miss it! There will even be a business card draw for a chance to win a \$1500 Air Canada gift card! **RSVP by May 11<sup>th</sup>, 2018 to [r.staples@alumicor.com](mailto:r.staples@alumicor.com).**

For more information, your local contacts are:

Jordan Abernethy, Regional Sales Manager, c 604.202.7639  
Stephen Tyne, Regional Sales Manager, c 604-612-2967  
Devyn Robinson, Plant Supervisor, 604-625-8233

Alumicor is a Canadian-based supplier of Architectural Aluminum building envelope products. Founded in 1959, today's Alumicor drives innovation with products and manufacturing capabilities that effectively respond to the evolving needs of the architectural and building community. Alumicor has earned respect and recognition from this community for technical competence, responsiveness and integrity. With a commitment to sustainable design, Alumicor is fully positioned to support green building projects and LEED eligibility.
