Alumicor
BUILDING EXCELLENCE

TerraPorte

7600 Series - Terrace Door

features & benefits

- TerraPorte doors are completely factory fabricated for assurance in quality
- Rugged mitre and corner key construction makes TerraPorte suitable for access doors as well as terrace doors
- Two colour finish and large size capability offers architects freedom in design
- Authorized Alumicor dealers will find TerraPorte installs quickly and easily into any of our curtain wall systems
- Thermally broken frame and door, plus an option for triple glazing, ensures increased thermal performance
- TerraPorte's rain screen design and multi-point locking means superior air/water performance and peace-of-mind security
- Owners, Consultants and authorized Alumicor dealers can rest assured that TerraPorte has been rigorously tested to all applicable standards of performance with superb results (AAMA/WDMA/CSA 101/I.S.2/A440-08;NAFS)
